Art Statement:

A posey (aka nosegay or tussle-mussie) is a small bouquet of flowers that have been popular since medieval times. In the Victorian era, posies were created with specific flowers to convey messages to those who received them, using the Victorian language of flowers. Posy pot is my take on a garden version of a posey. Yellow Tulip - Cheerful Thoughts; Poppy - Remembrance; Nasturtium - Conquest; Magnolia - Nobility; Zinnia - Thinking of an Absent Friend; Ivy (as the bow) - Friendship/Affection
