

**Title:** Pillars in the Allee

**Artist:** Members of the Blacksburg Regional Art Association (BRAA) with much technical assistance and most materials provided by Diane Relf and Dave Angle.

**Brief Artist Biography:** For over 50 years, BRAA has been the home of artists of Blacksburg and beyond, dedicated to the making of art both personally and in community. BRAA is happy once again to be participating in the public art that is Simply Elemental at the Hahn.

**Art Statement:** These posts once proudly supported porches with chairs for rocking and green plants in the warmth of summer. Having lost their original homes and purpose, they are now happily planted as popsicles of pastel colors among the Trident Maple Allee.

***The paint for the pillars was generously donated by Valley Paint.***
