

Title: Labyrinth

Artist: Sandy Miller

Contact: sandmill@verizon.net

Material: Wood, Paint, 2ft x 2ft

Artist Biography: Graduate of Virginia Tech Horticulture, Love of Quilts, I have lived in this area all of my life. From a young age, my parents and I had a greenhouse business and toured what was many years ago, the trial gardens here at VA. Tech. It has been so exciting and interesting watching the Hahn garden develop into what it is now. My parents had a small Greenhouse business for many years. We sold mainly bedding plants and vegetable plants, so the garden was very important. I have also loved sewing, especially quilts.

Artist Statement: I fell in love with Barn Quilts when my husband and I went on a Barn quilt hunt in Bath County. They were so beautiful and the hunt was so fun. I also quilt so the garden and the quilting go hand in hand. Barn quilts are so exciting to look for. We have been on a second barn quilting hunt. I look forward to discovering more.
