## **Sun Flower Comet**

*By Chris Overfelt*

**Artist Statement:** This entire sculpture was made from Scrap metals. The arch of the flowers was from a trampoline. All other materials were from scrap metals. The flower pedals were cut using a CNC plasma table.

**Artist Biography:** We are a High School Welding class who uses the art we build to add to the students learning of welding. Mr. Hahn's daughter has a few of our large sculptures at her Blacksburg house.
